F PALO CON DOPPIA CREMAGLIERA

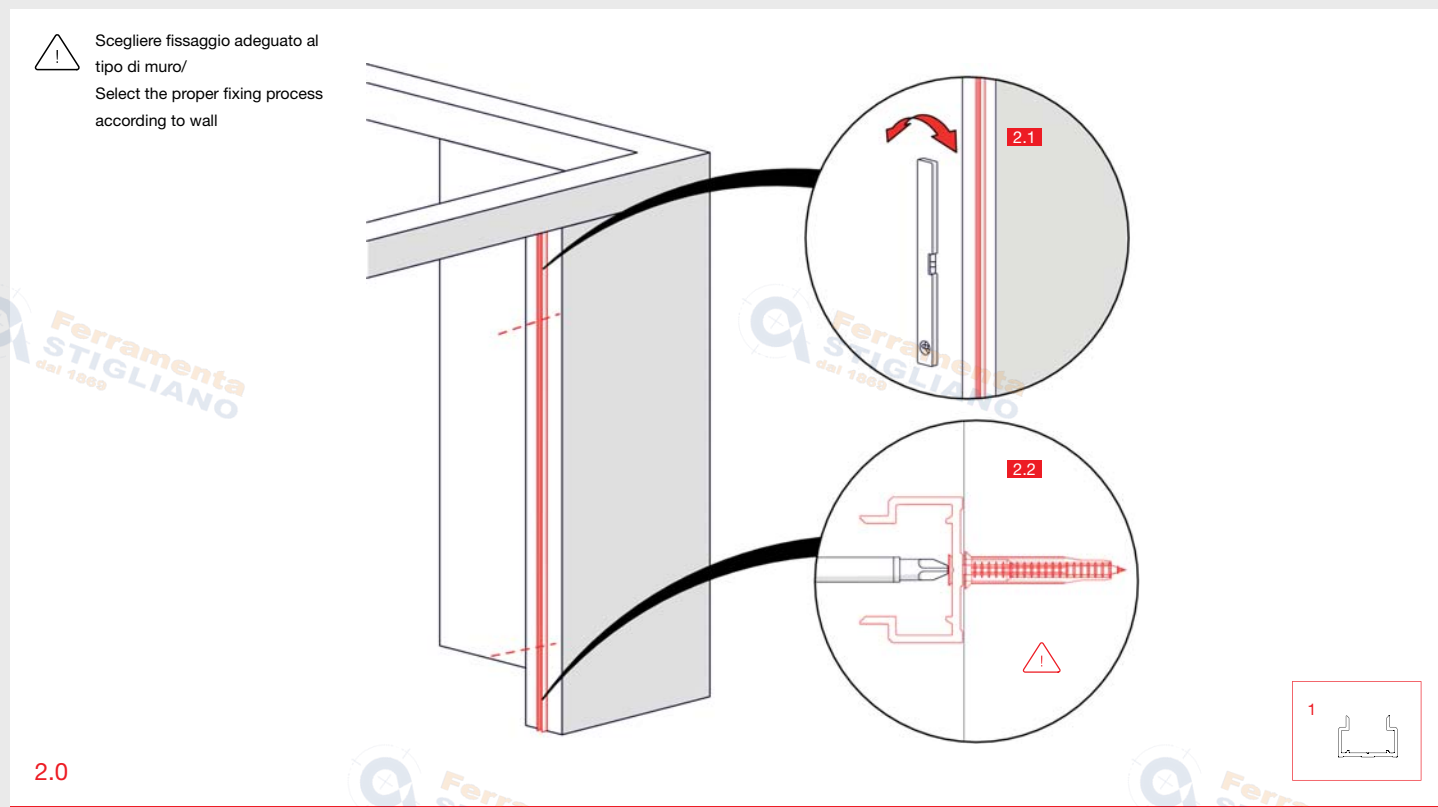

I COPERTURA PALO CREMAGLIERA

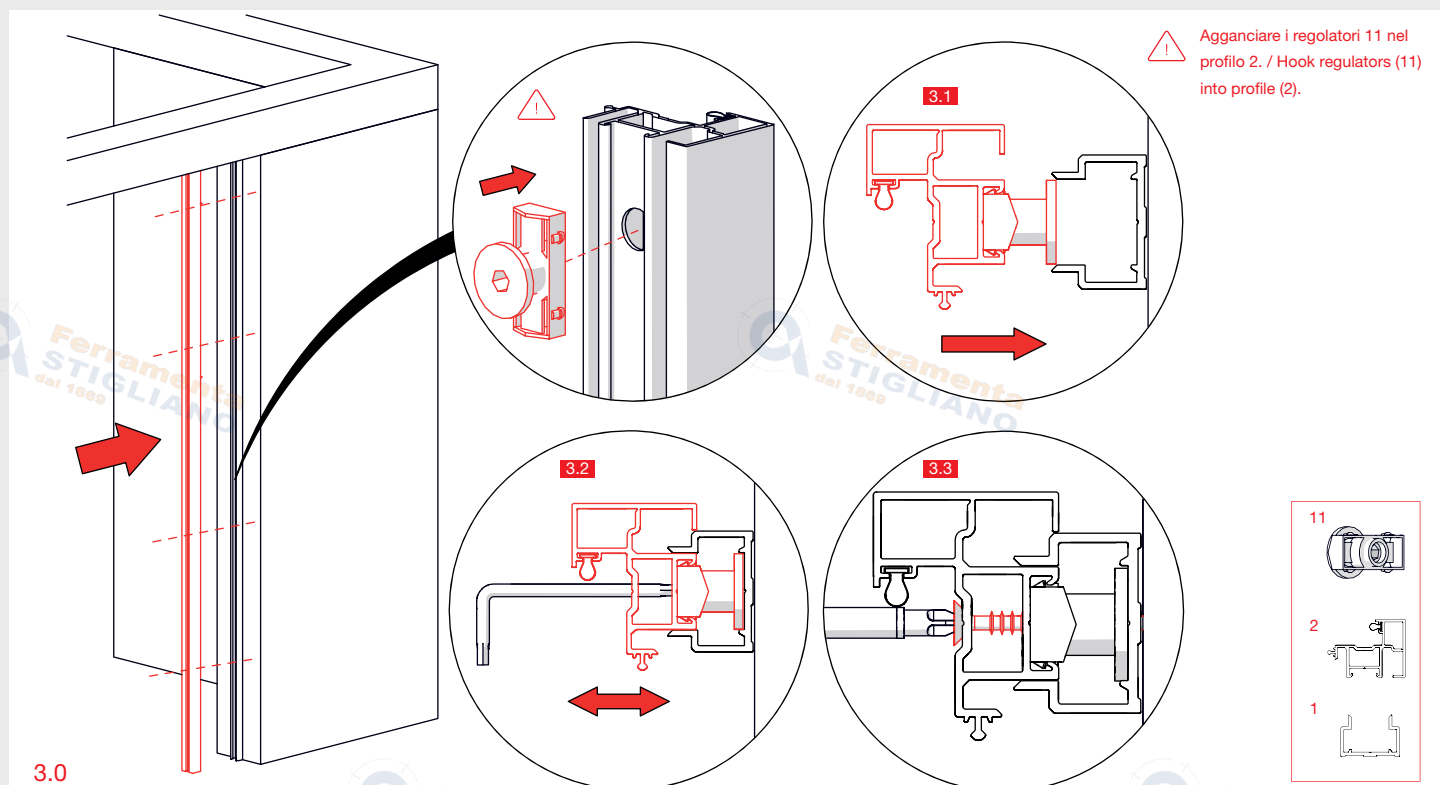

Rilevare H e tagliare i profili (1-2-3) a misura. / Measure H and then cut profiles (1-2-3) to size

2.1 Posizionare il profilo (1) e verificare che sia allineato. / Place the profile (1) and verify it is aligned.

2.2 Forare il muro e fissare il profilo (1). / Drill the wall and fix the profile (1).

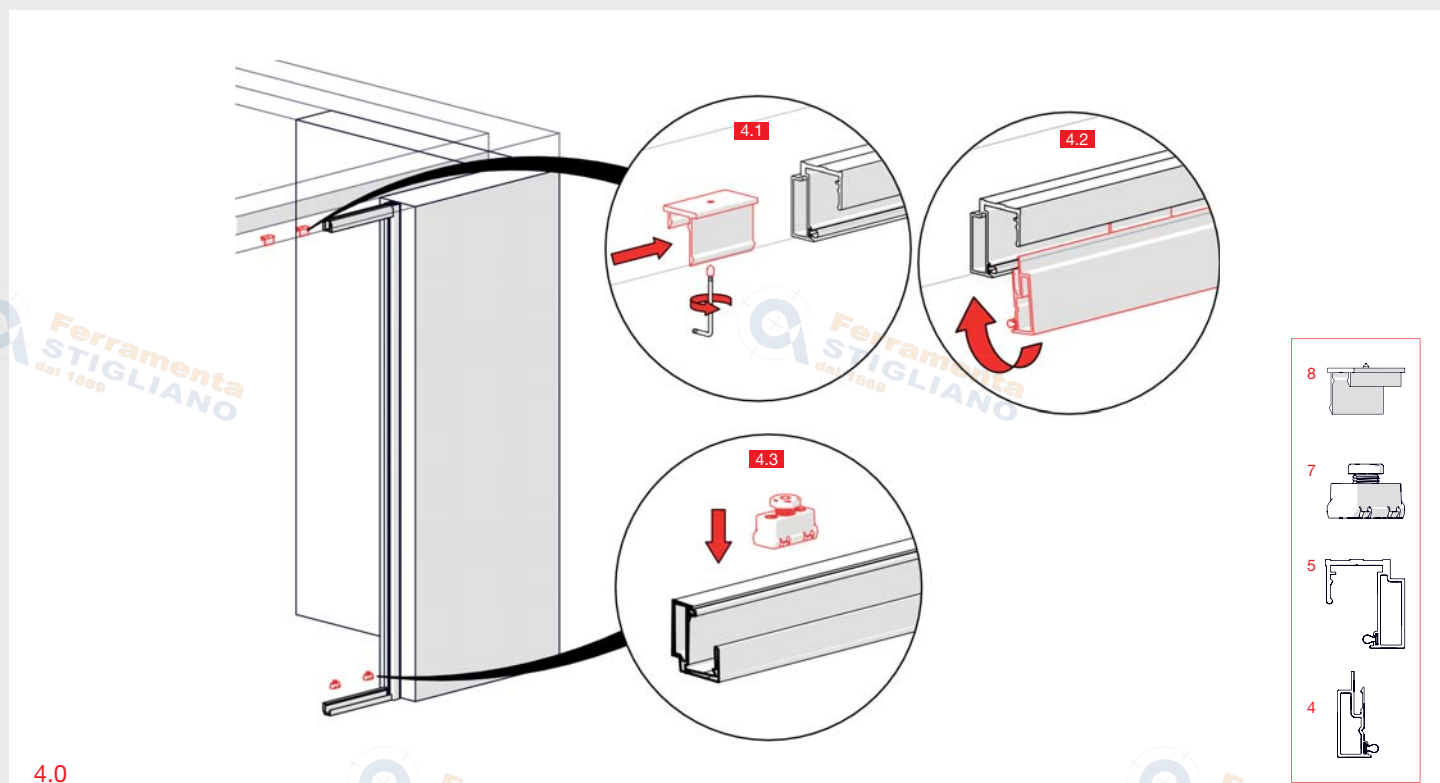

3.1 Inserire il profilo (2) assemblato nel profilo (1). / Insert profile (2) assembled into profile (1)

e verificare che il profilo (2) sia a piombo. / Adjust the regulators (11) and verify the perpendicularity of profile (2).

3.2 Regolare i regolatori (11) e verificare la perpendicolarità di profilo (2).

3.3 Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5)

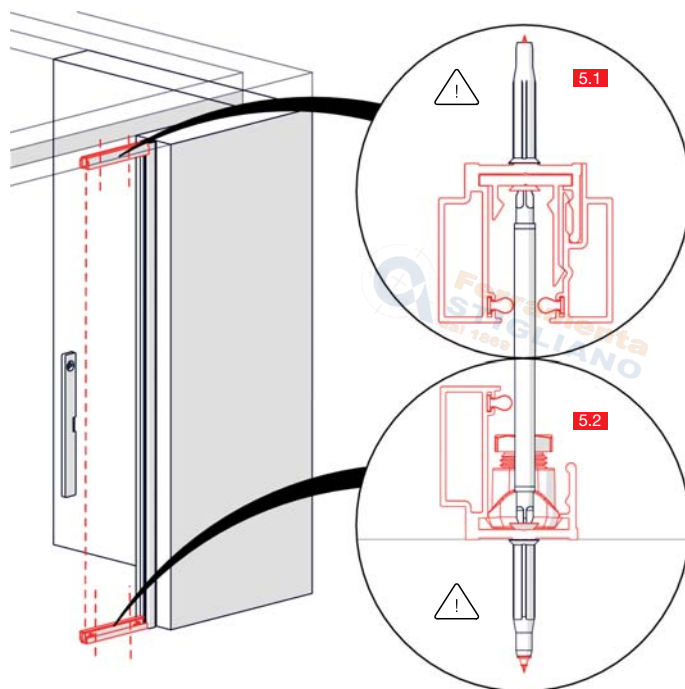

4.1 Inserire e fissare gli snap (8) nel profilo (5). / Insert and fasten snaps (11) into profiles (5).

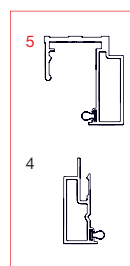

4.2 Agganciare il profilo (4) sugli snap (8). / Hook the profile (4) on snaps (11).

4.3 Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5)

✓ Verificare che l'estremità del profilo sia installato sia perfettamente verticale con quella del profilo a pavimento. Per tale applicazione si raccomanda l'utilizzo della livella laser. / Ensure the end of vertical installed profile to be perfectly perpendicular to floor profile. For this operation it is recommended the usage of laser level.

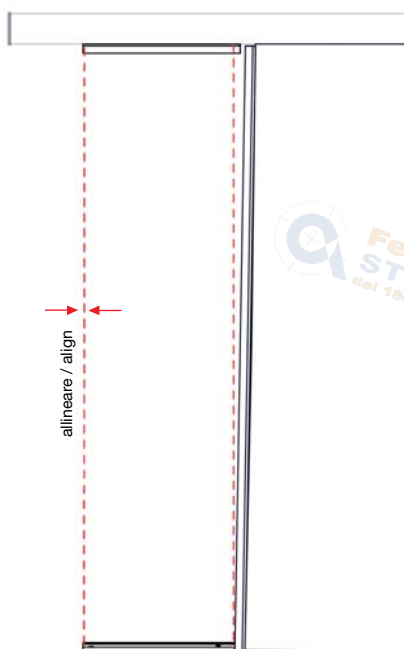

⚠ Scegliere fissaggio adeguato al tipo di muro. / Select the proper fixing process according to wall.

5.0

5.1 Fissare a soffitto i profili (4 + 5) assemblati. / Fix assembled profiles (4 + 5) to ceiling.

5.2 Fissare a pavimento il profilo (5). / Fix profile (5) to floor.

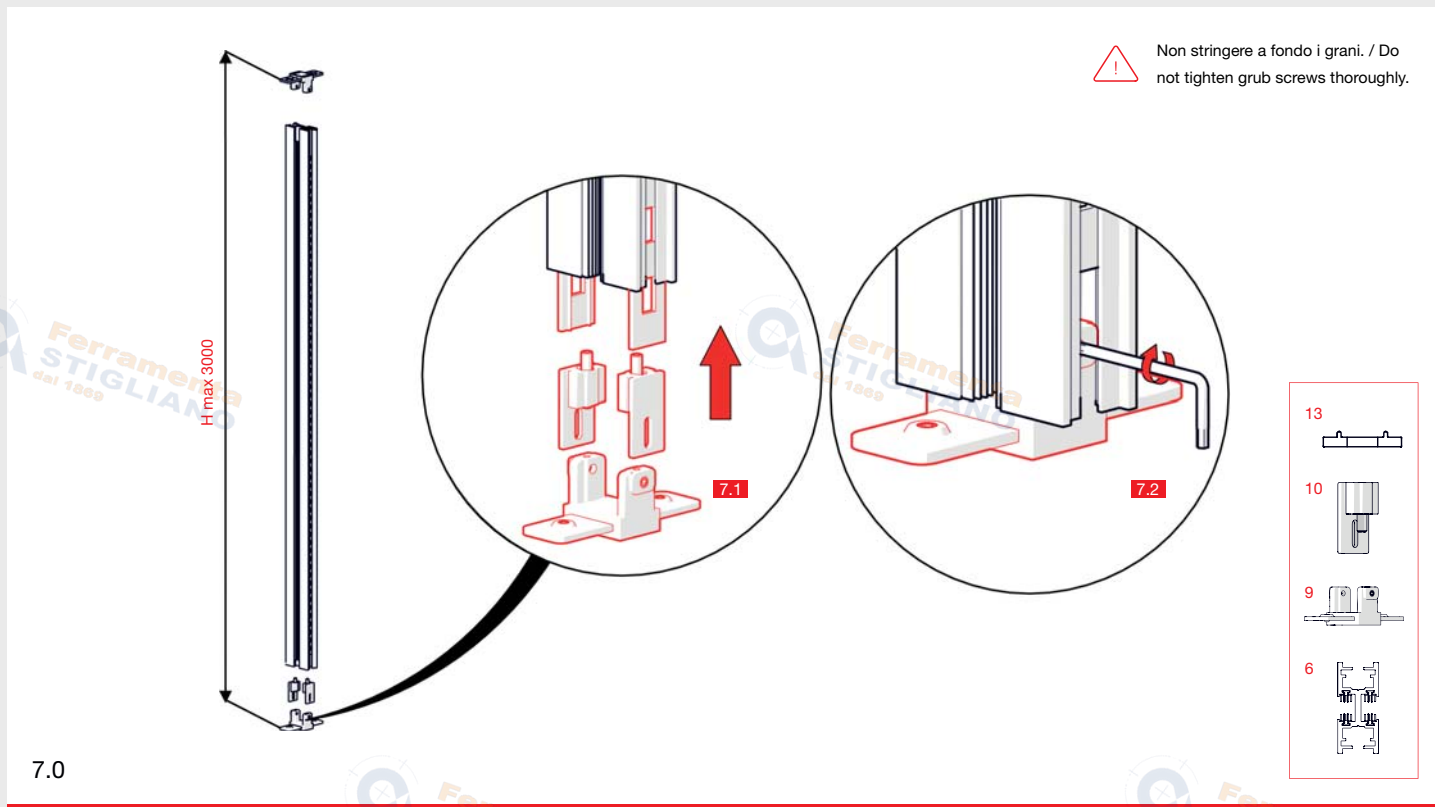

⚠ Il profilo a muro può essere montato leggermente inclinato, seguendo il muro non perfettamente a piombo. / Wall profile can even be mounted slightly inclined to follow the wall not perfectly straight

6.0

ATTENZIONE: i due profili orizzontali devono essere allineati per il corretto posizionamento degli altri accessori.

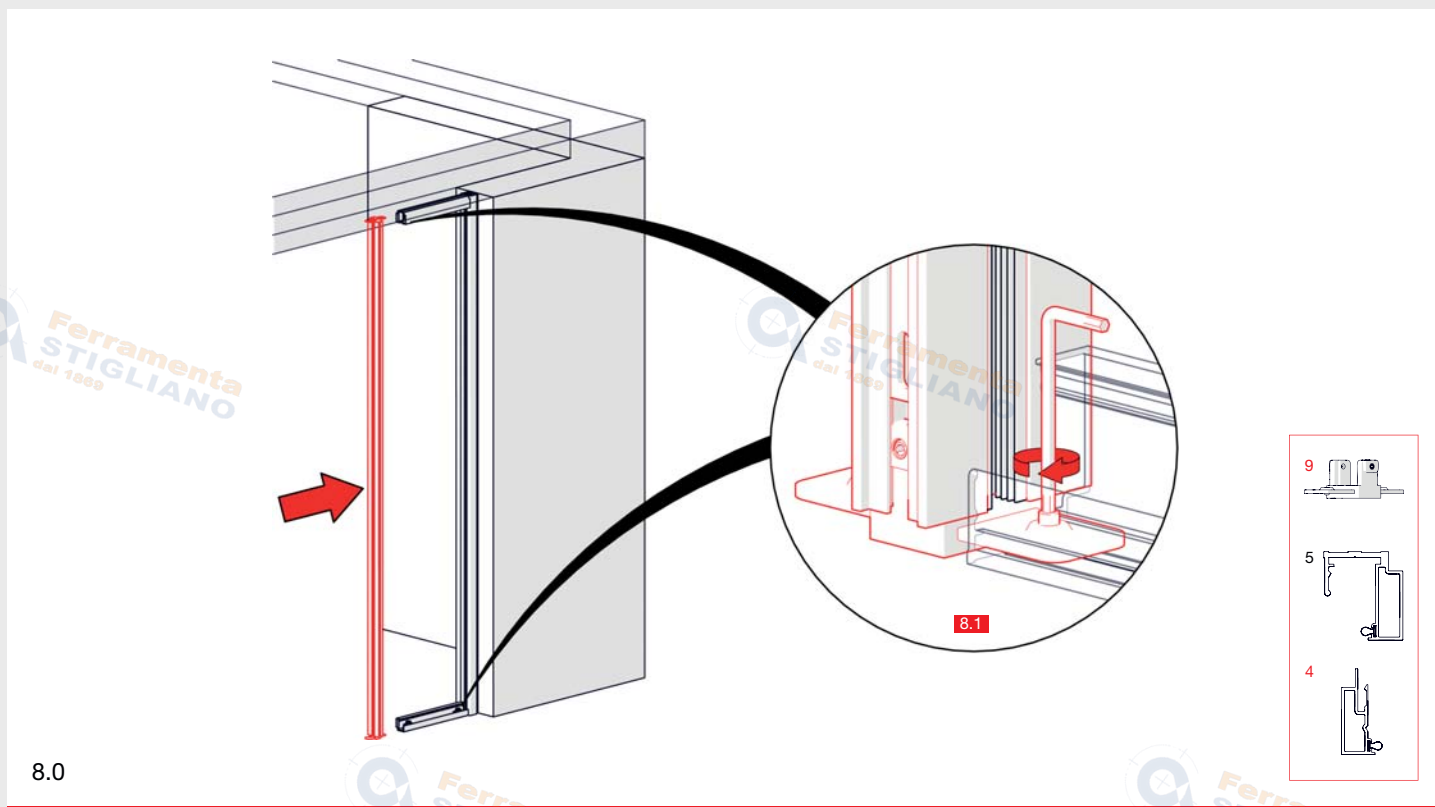

WARNING: the two horizontal profiles must be properly aligned to allow the correct positioning of the other accessories.

Rilevare H e tagliare i profili (6-13) a misura. / Measure H and then cut profiles (6-13) to size.

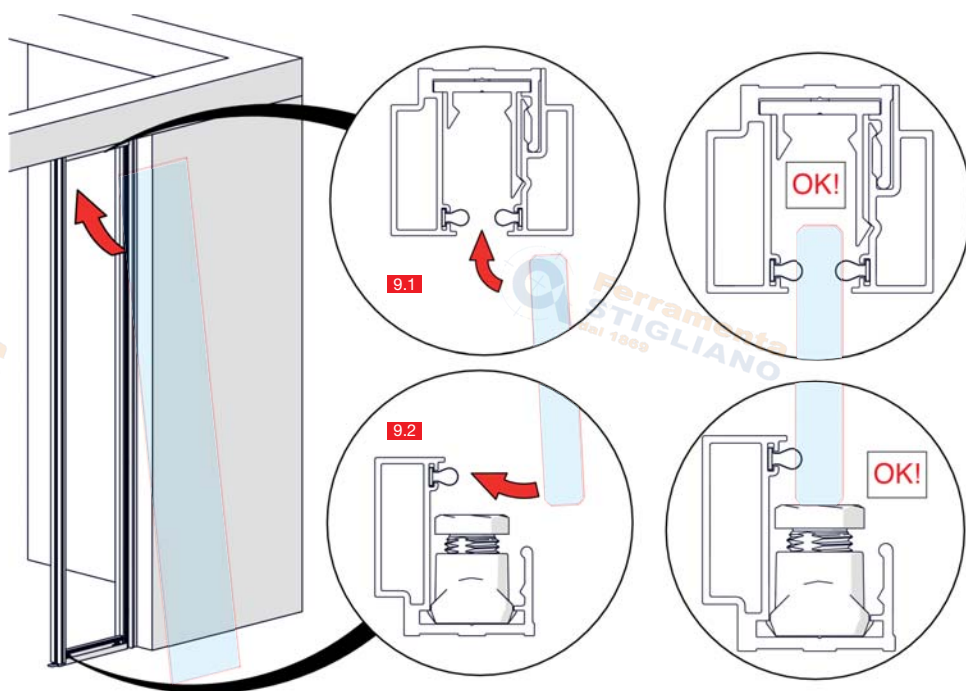

7.1 Inserire i giunti (9) e i regolatori (10). / Insert joints (9) and regulators (10).

7.2 Fissare i giunti (9) nel profilo (6). / Fix the joints (9) into profile (6).

Inserire il profilo assemblato 7.0 come nello step 5.0. / Insert assembled profile 7.0 as done during step 5.0

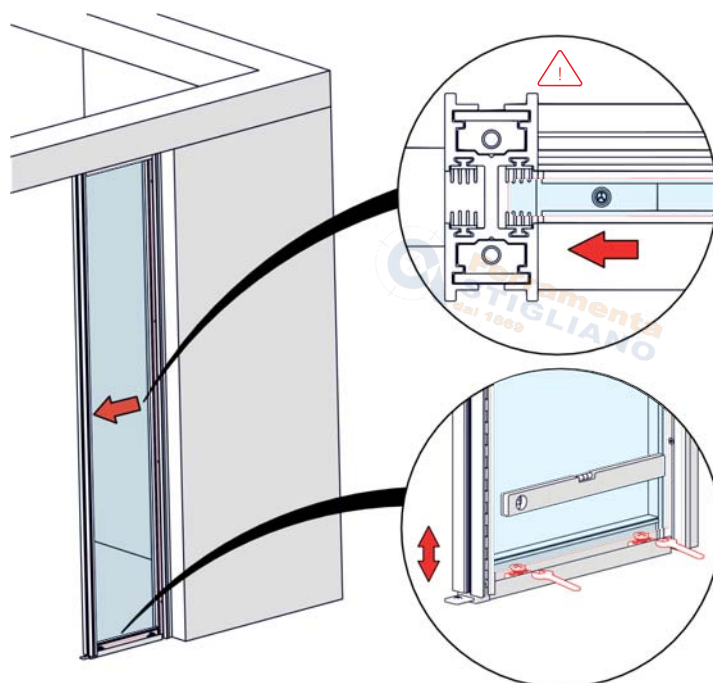

8.1 Fissare i giunti (9) nel profilo superiore (4 + 5) ed inferiore (5). / Fix the joints (9) into upper (4 + 5) and lower (5) profiles.

9.0

9.1 Inserire il vetro nel profilo superiore (4 + 5). / Insert the glass into the profile (4+5).

9.2 Appoggiare il vetro sui regolatori (7). / Align and adjust glass on regulators (7).

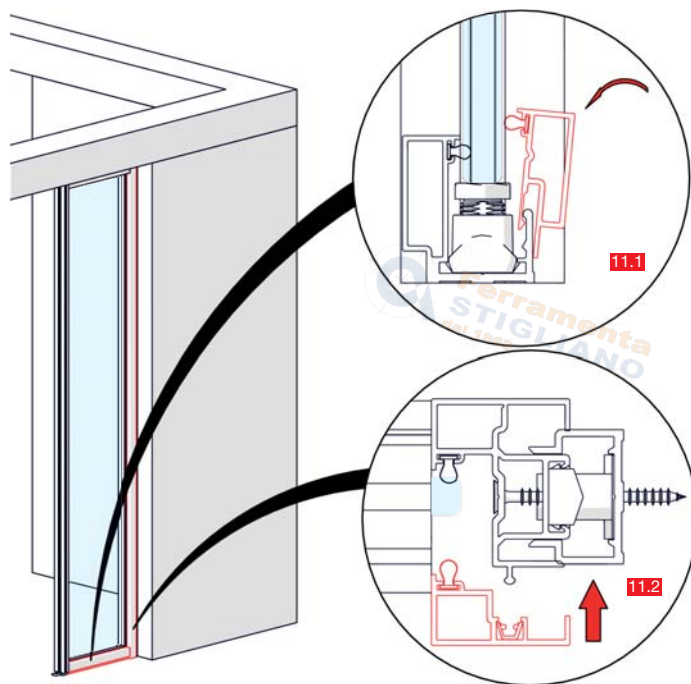

10.0

⚠ Accertarsi che il vetro sia ben inserito nelle guarnizioni del profilo 6. / Ensure the glass to be properly fit into gaskets of profile (6).

10.1 Infilare il vetro nel profilo (6). / Insert the glass into the profile (6).

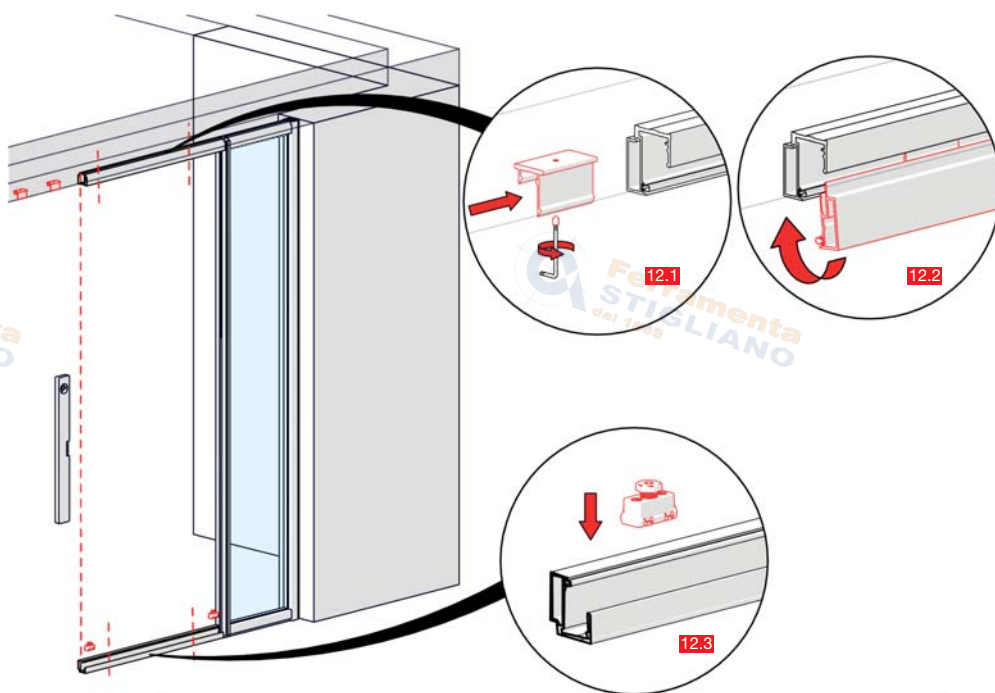

10.2 Allineare e regolare il vetro con i regolatori (7). / Align and adjust glass on regulators (7).

11.0

11.1 Inserire il profilo (4) sul profilo (5). / Insert profile (4) on profile (5).

11.2 Agganciare il profilo (3) sul profilo (2) con clip in dotazione (12). / Hook the profile (3) on profile (2) with supplied clips (12).

12.0

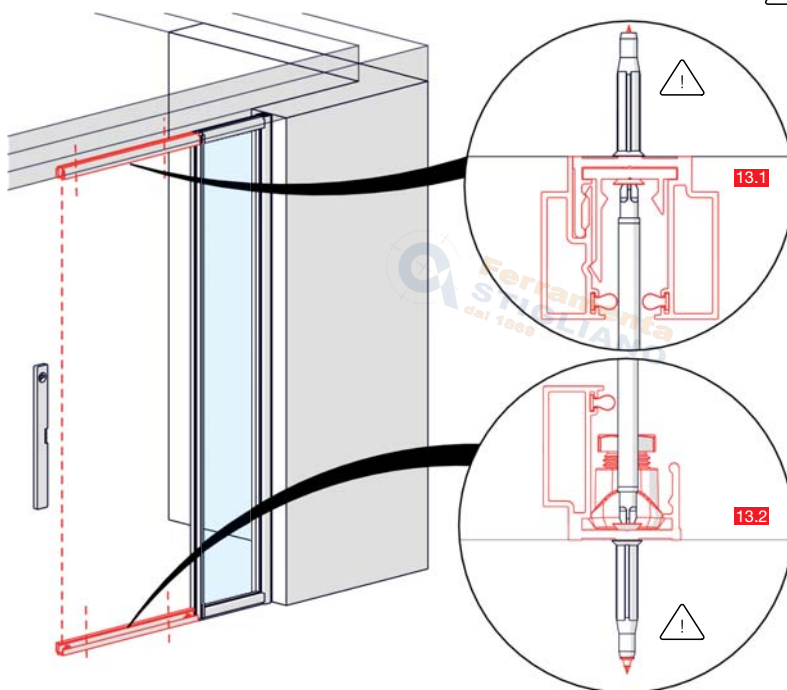

12.1 Inserire e fissare gli snap (8) nel profilo (5). / Insert and fix snaps (8) into profile (5).

12.2 Agganciare il profilo (4) sugli snap (8). / Hook the profile (4) on snaps (8).

12.3 Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5).

✓ Verificare che l'estremità del profilo sia installato sia perfettamente verticale con quella del profilo a pavimento. Per tale applicazione si raccomanda l'utilizzo della livella laser. / Ensure the end of vertical installed profile to be perfectly perpendicular to floor profile. For this operation it is recommended the usage of laser level..

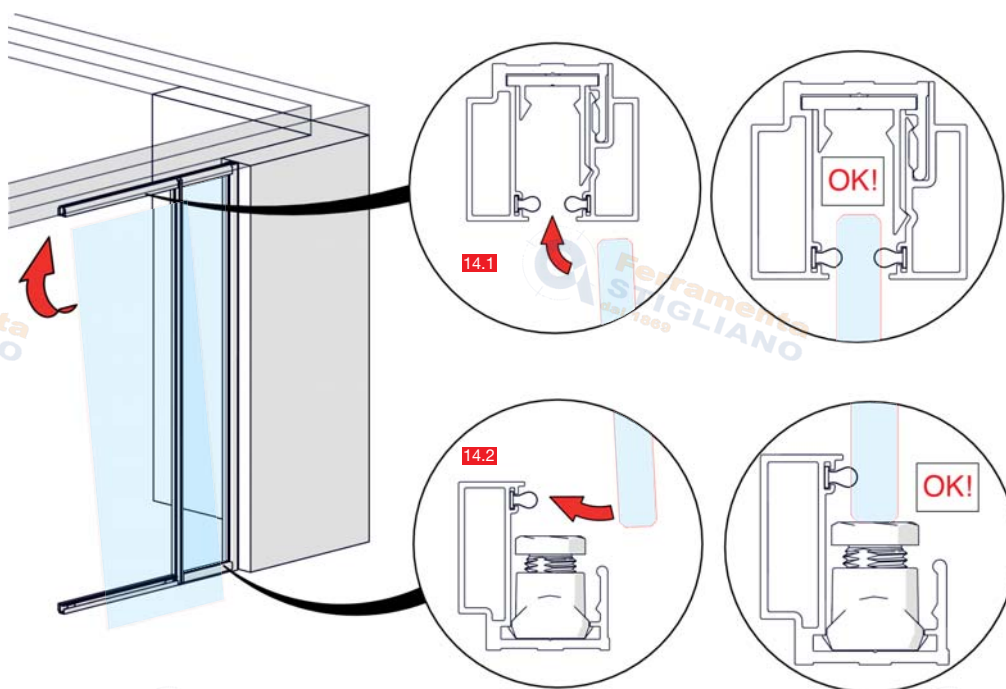

⚠ Scegliere fissaggio adeguato al tipo di muro. / Select the proper fixing process according to wall.

13.0

13.1 Fissare a soffitto i profili (4 + 5) assemblati. / Fix assembled profiles (4 + 5) to ceiling.

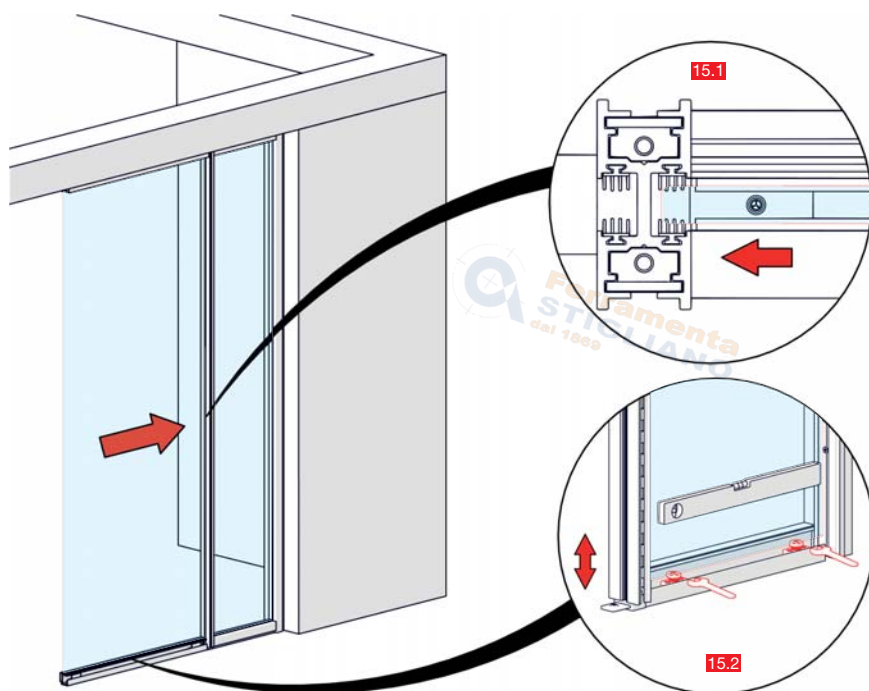

13.2 Fissare a pavimento il profilo (5). / Fix profile (5) to floor.

14.0

14.1 Inserire il vetro nel profilo superiore (4+5). / Lean the glass on regulators (7).

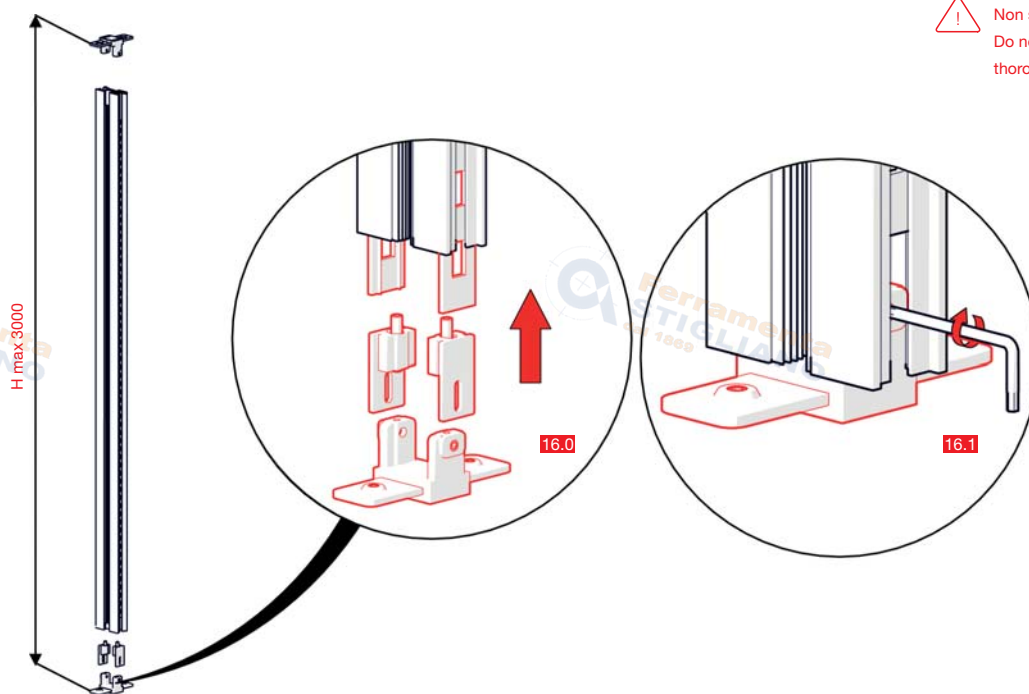

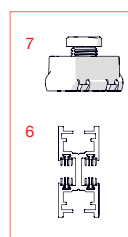

14.2 Appoggiare il vetro sui regolatori (7). / Lean the glass on regulators (7).

15.0

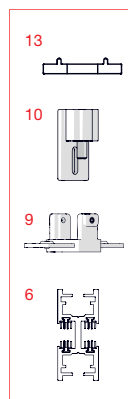

15.1 Infilare il vetro nel profilo (6). / Insert the glass into the profile (6).

15.2 Allineare e regolare il vetro con i regolatori (7). / Align and adjust glass on regulators (7).

16.0

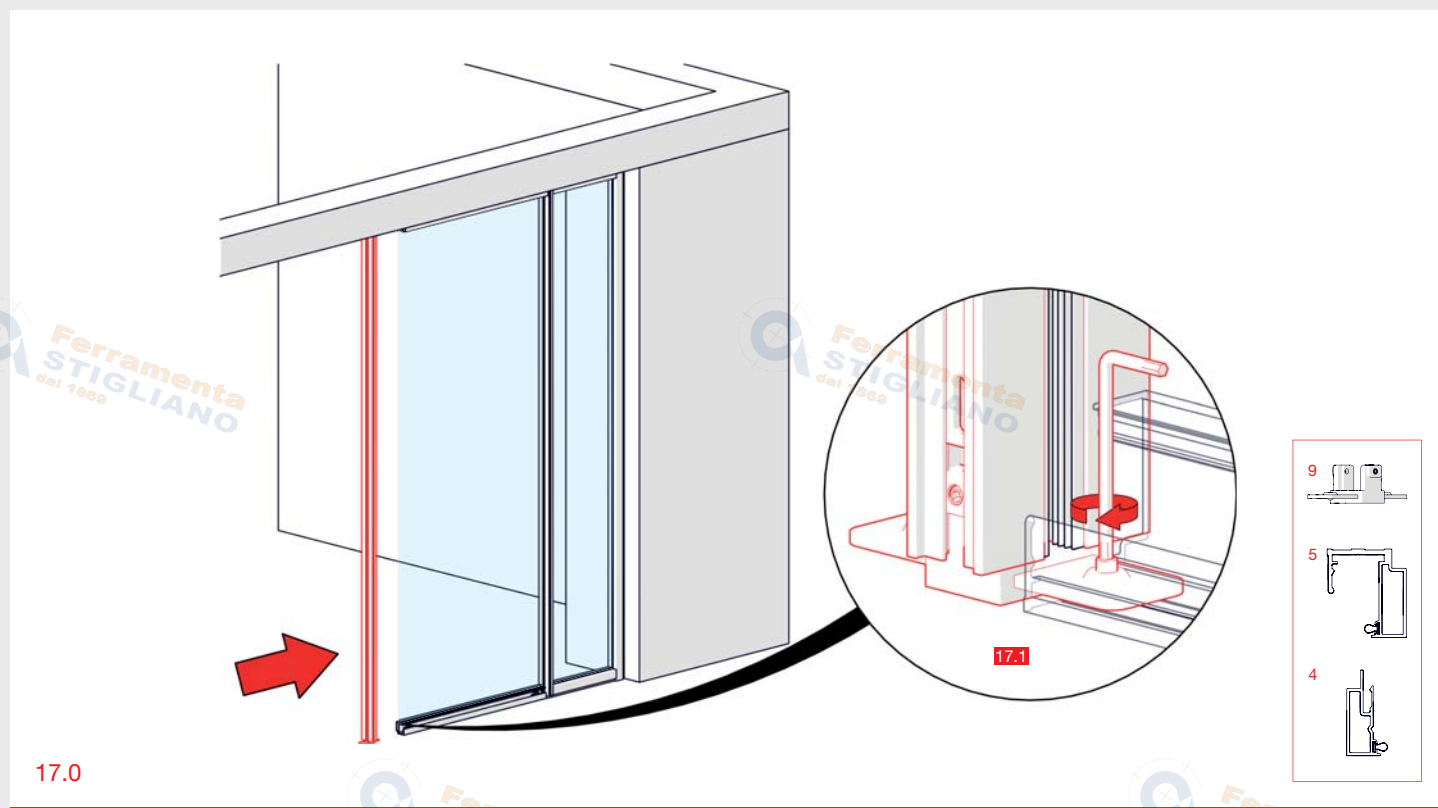

⚠ Non stringere a fondo i grani. /
Do not tighten grub screws
thoroughly.

Rilevare H e tagliare i profili (6 + 13) a misura / Measure H and then cut profiles (6 + 13) to size.

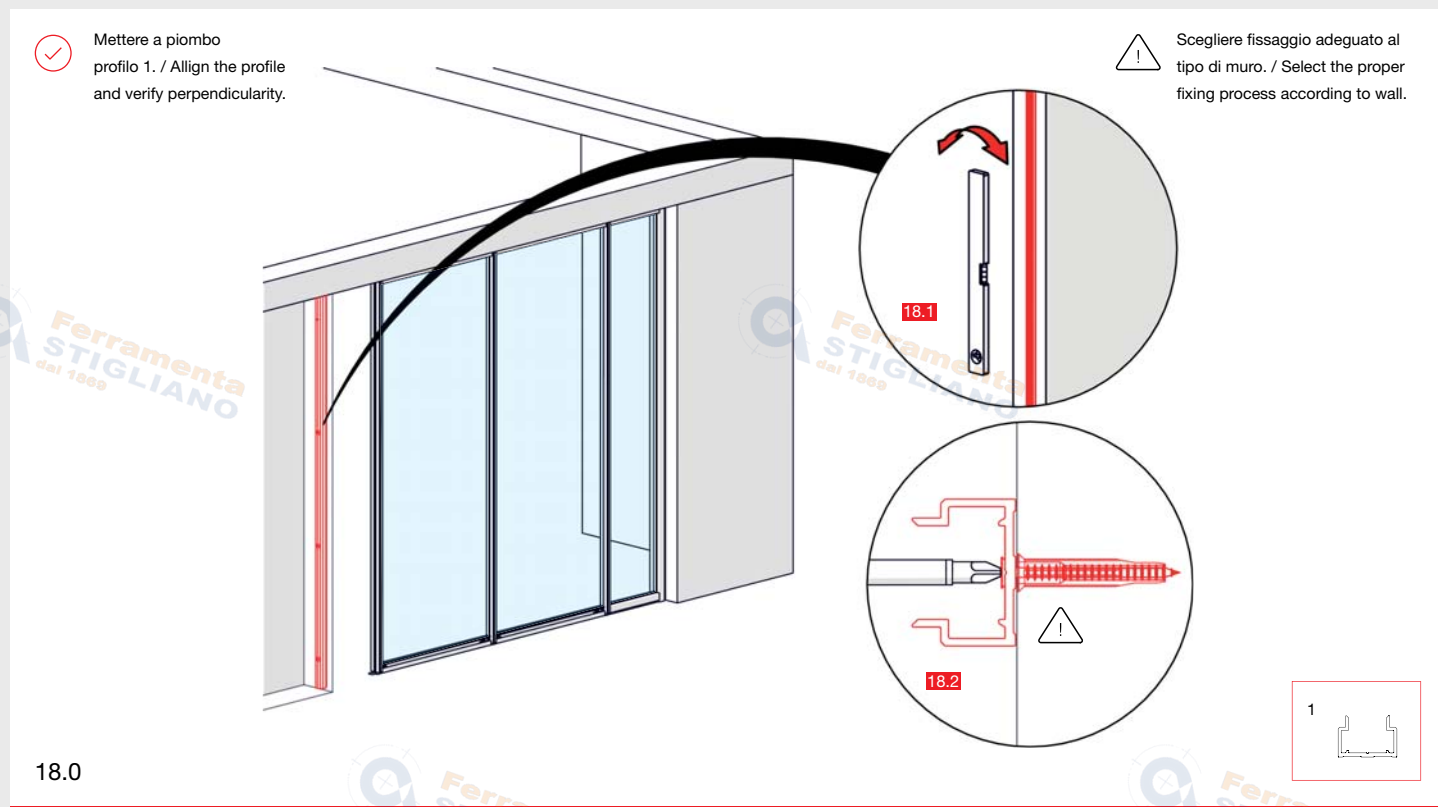

16.0 Inserire i giunti (9) e i regolatori (10). / Insert joints (9) and regulators (10).

16.1 Fissare i giunti (9) nel profilo (6). / Fix the joints (9) into profile (6).

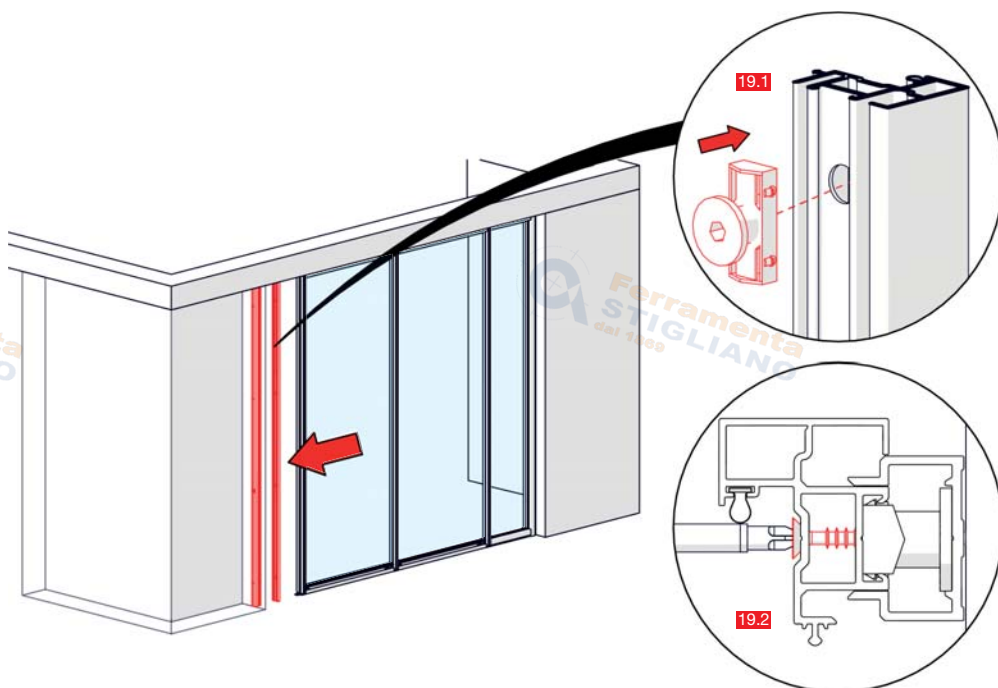

Inserire il profilo assemblato 16.0 come nello step 5.0. / Insert assembled profile 16.0 as done during step 5.0

17.1 Fissare i giunti (9) nel profilo superiore (4 + 5) ed inferiore (5). / Fix the joints (9) into upper (4 + 5) and lower (5) profiles

18.1 Posizionare il profilo (1) e verificare che sia allineato. / Place the profile (1) and verify alignment.

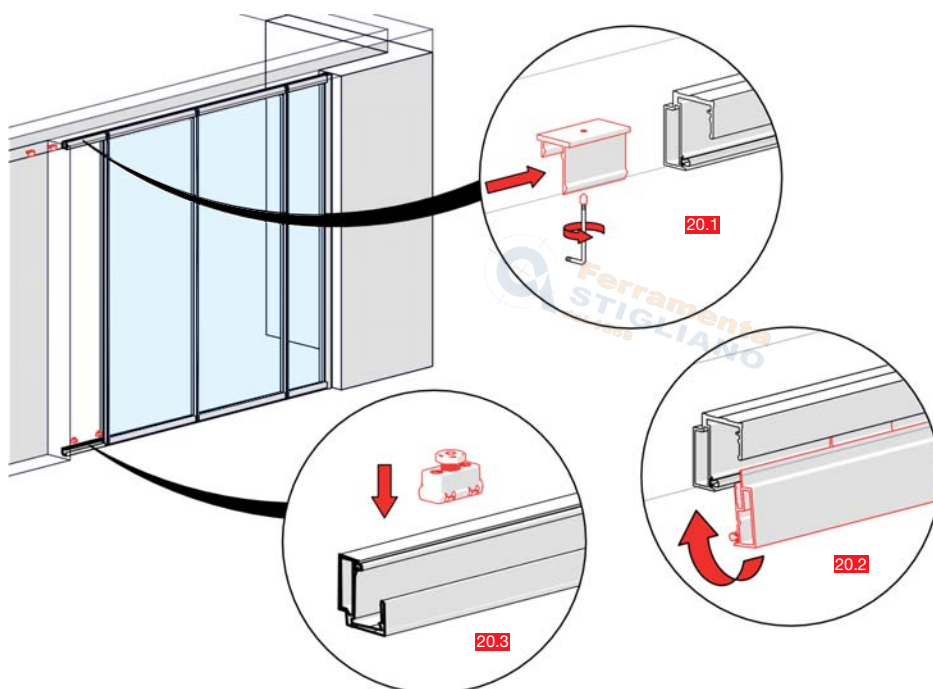

18.2 Forare il muro e fissare il profilo (1). / Drill the wall and fix the profile (1).

19.0

19.1 Inserire il profilo (2) assemblato nel profilo (1). / Insert profile (2) into profile (1).

19.2 Forare in corrispondenza dei regolatori (11) e fissare il profilo (2). / Drill in correspondence of regulators (11) and fix the profile (2).

20.0

20.1 Inserire e fissare gli snap (8) nel profilo (5). / Insert and fasten snaps (8) into profile (5).

20.2 Agganciare il profilo (4) sugli snap (8). / Hook the profile (4) on snaps (8).

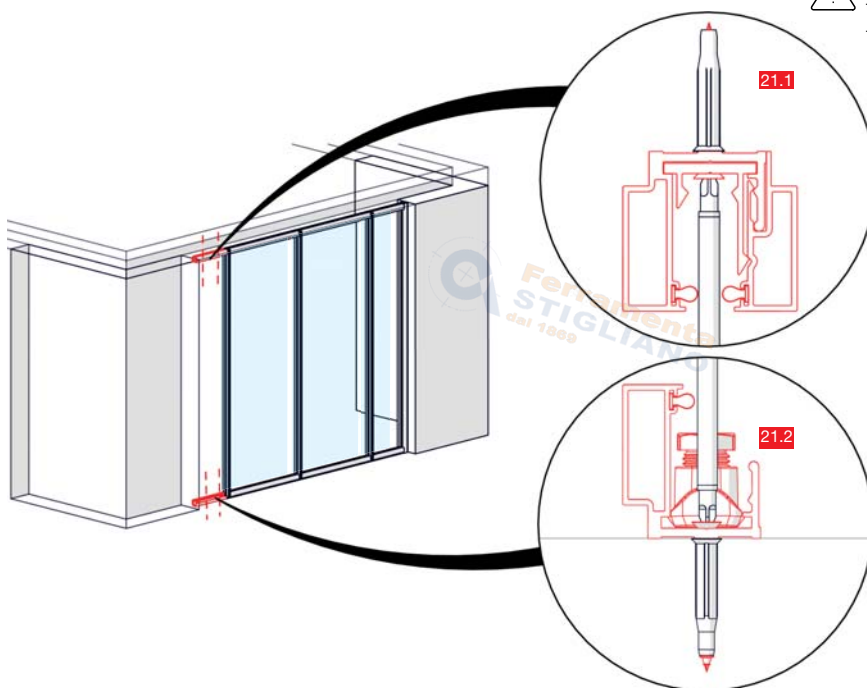

20.3 Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5).

Verificare che l'estremità del profilo sia installato sia perfettamente verticale con quella del profilo a pavimento. Per tale applicazione si raccomanda l'utilizzo della livella laser. / Ensure the end of vertical installed profile to be perfectly perpendicular to floor profile. For this operation it is recommended the usage of laser level.

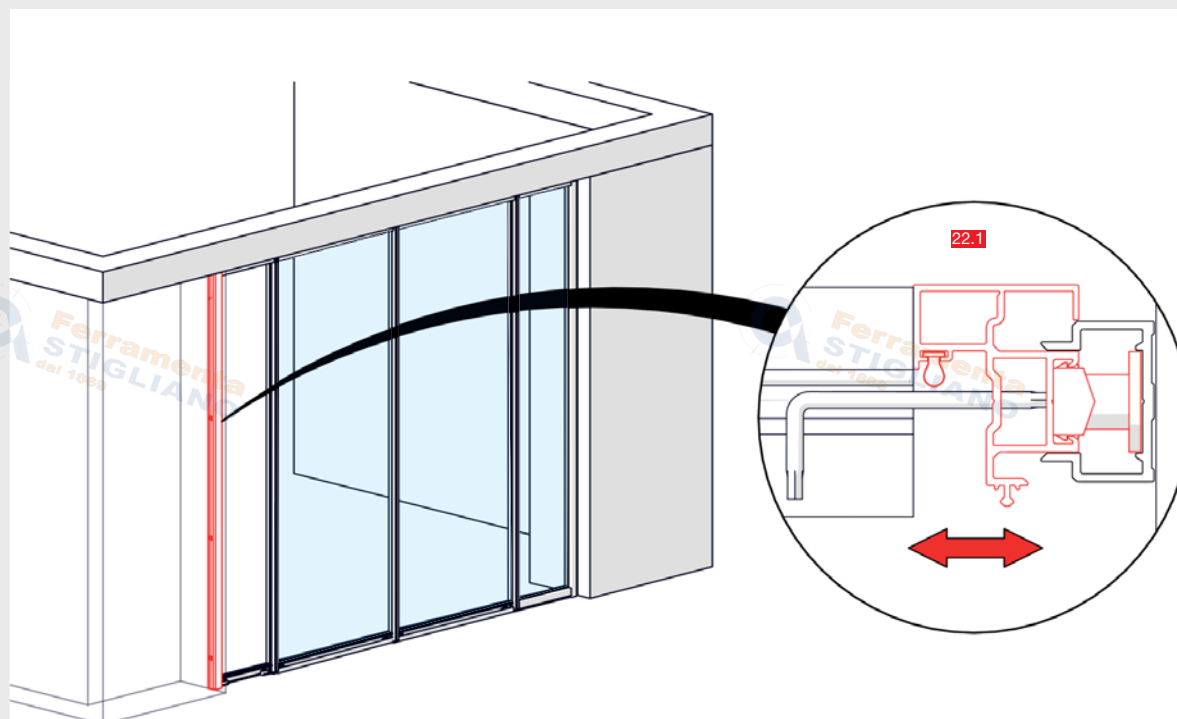

Scegliere fissaggio adeguato al tipo di muro. / Select the proper fixing process according to wall.

21.0

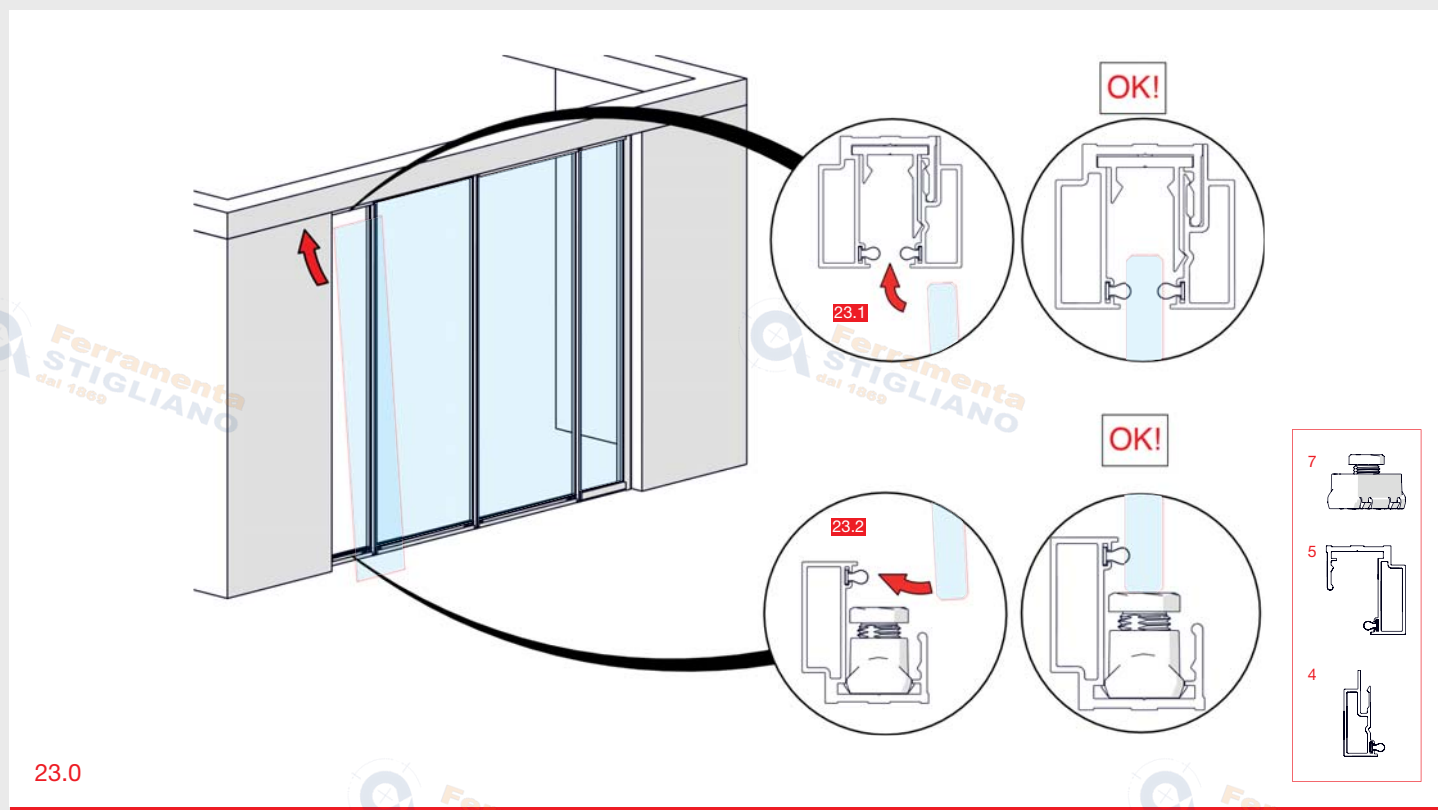

21.1 Fissare a soffitto i profili (4 + 5) assemblati. / Fix assembled profiles (4 + 5) to ceiling.

21.2 Fissare a pavimento il profilo (5). / Fix profile (5) to floor.

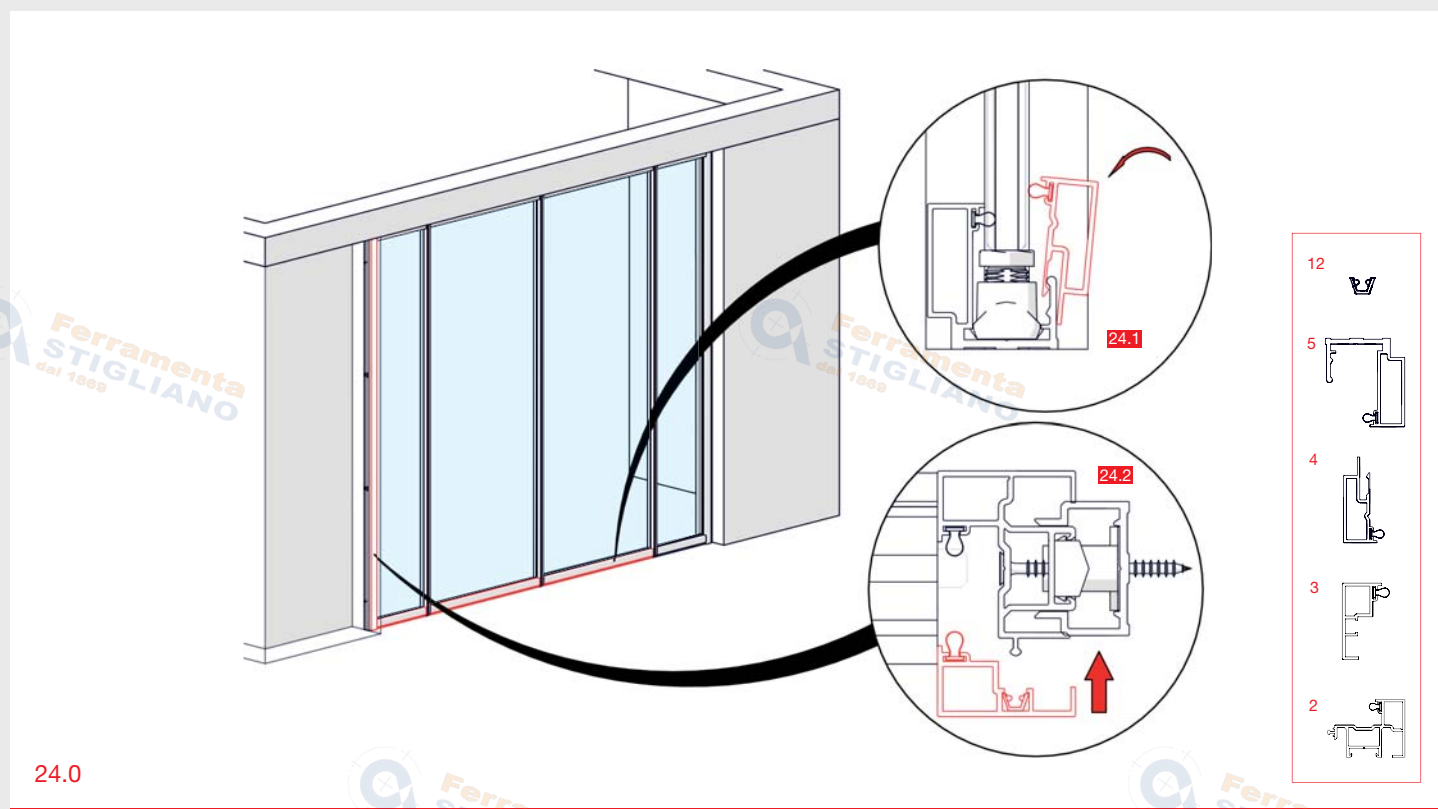

22.0

22.1 Regolare i regolatori (11) e verificare che il profilo (2) sia a contatto. / Adjust the regulators (11) and verify the profile (2) to be in contact.

23.1 Inserire il vetro nel profilo superiore (4 + 5). / Insert the glass into the upper profile (4 + 5).

23.2 Appoggiare il vetro sui regolatori (7). / Lean the glass on regulators (7).

24.1 Inserire il profilo (4) sul profilo (5). / Insert profile (4) on profile (5).

24.2 Agganciare il profilo (3) sul profilo (2) con clip in dotazione (12). / Hook the profile (3) on profile (2) with supplied clips (12).
